

ECOWATER
SYSTEMS®

Your Water. Perfected.

eVOLUTION

The UK's most advanced range of performance water softeners.

Designed and manufactured by **EcoWater Systems**,
the worldwide leader in soft water technology

ecowater-softeners.co.uk

High capacity water softeners for larger homes

Efficient power

eVOLUTION water softeners run at optimal efficiency in terms of both salt and water use, making them an economic and long lasting solution to hard water problems. **Up to 50% less to run per year than the equivalent basic block salt softener system!**

Smart

Our unique smart technology continually adapts to your home and lifestyle based on patterns of water usage. Our Smart Water Management system available online and through our industry leading app allows you to stay in complete control of your soft water around the clock, wherever you are.

	BOOST 300	POWER 500
Valve	1"	1" high flow

Width (mm)	355	355
Depth (mm)	510	510
Salt Storage (kg)	65	90

Not just soft water, EcoWater

Whatever size of your home, you can now enjoy soft water all day, every day with the water softener that is so simple to use that you will forget it is there!

Soft water means:

- Healthier hair and skin
- Softer fabrics from less washing detergent
- An end to stubborn limescale
- A longer life for your home water system

EcoWater are the world's leading manufacturer of water softeners. We work with the UK's most experienced partners to ensure you get the right softener for your home.
